

School Board Member Rodney Fitch Gets Pinocchio Award, AGAIN!! Says his exit from Sheriff's Office was planned in Advance!!

School Board Member and Sheriff's Office high level employee Rodney Fitch has a problem with telling the truth.

- Fitch has betrayed his wife by taking up with his infamous Pickleball Romance. Mrs. Fitch allegedly kicked Rodney out of their home and into a camping trailer allegedly parked somewhere near Polkville.
- Rodney Fitch has made a number of angry telephone calls to Robert A alleging Robert A's reports were inaccurate. Demanding a retraction. And never providing any shred of proof of the matter. Whenever Robert A would double-check his information, Robert A would always find that his accounts were valid and refused to provide a retraction. Robert A always suspected that Robert Queen or Dennis Bailey were putting Rodney Fitch up to these calls.
- Rodney Fitch has voted to approve at least thirty minutes to CCS School Board meeting; official legal documents, knowing full well that the minutes were patently false and inaccurate.
- Rodney Fitch, with full knowledge aforethought, participated (Conspiracy) in an illegal coverup, which included the CC Sheriff's Office of the Burns High School Senior Prank vandalism as well as the illegal censure and punishment toward Danny Blanton and Ronnie Grigg for telling the truth in the matter.
- Rodney Fitch stated to Robert A, that the alleged child

sex offender working at Washington Elementary School was locked up safe and secure in the Cleveland County Jail, when, in fact, the alleged offender made bail and was released in less than 24 hours of his arrest.

At 6:52 PM on March 8, 2024, Rodney Fitch again called **Robert A** claiming that the CC Sheriff had NOT fired him because of Rodney Fitch leaving his job at the Jail, using a Sheriff's car to travel to the Early voting site at the Shelby library, parking in a Handicapped Spot and wearing a pistol on his side accosted Danny Blanton and Ronnie Grigg, falsely accusing them of stealing his campaign signs, went into the Library armed, agitated, angry and loud; scaring the library person to tears- perhaps fearing for their lives, which allegedly resulted in Commissioner Johnny Hutchings and Wayne King to send messages to the Sheriff regarding the actions of his Deputy, Rodney Fitch.

In his call, Rodney Fitch claimed the Sheriff did NOT fire him. That Rodney Fitch's departure from employment at the CC Sheriff's Department had been planned in advance and Demanded a retraction.

Robert A asked Rodney Fitch to provide the documents that he claimed to have and Rodney Fitch refused. Stating in a threatening manner to **Robert A** that his writings going back for thirty years were all false. All lies. All the while **Robert A** had full knowledge that Rodney Fitch could get on a computer and print out whatever he wanted to print out and date the documents to the date Rodney Fitch wanted to put on the documents.

Robert A, tired of all the rantings and ravings of Rodney Fitch stated "FU Rodney Fitch, do what YOU want." And hung up the phone.

Editor's Note: Rodney Fitch, Greg Taylor and Robert Queen were

all defeated for reelection on the CCS School Board just a few days ago. Robert A demands that Rodney Fitch, Greg Taylor and Robert Queen should all be forced to resign immediately from the School Board and the CCGOP be forced to appoint Kenneth Ledford, David Fisher and Gloria Sherman to fill their vacancies until the 2024 General Elections are finished in November and their full terms in office officially begins.

This way, the NEW School Board Majority can get a real head start on reorganizing the CCS organization chart, lesson plans, increased CTE in high schools, developing tutoring programs where needed (and they are needed everywhere) and spending priorities. Among other things.
