

New York Court finds Trump Guilty of 34 “Phony” Felony Charges!!!

Editor's Note:

The TRUTH of the matter is absolutely necessary in every aspect of the legal system in the United States of America. Truth is also absolutely necessary for our system of Government at every level. Yet, as the guilty verdict of President Donald Trump in this most recent version of political disfunction, Trump's case in a rigged trial in a New York City Courtroom these past several weeks has brought our Country to a new low in the whole world history of free thought and speech.

As Cleveland County taxpayers are about face the taxation of building the most costly and most secretive county project in all of CC's history, the New Justice Center, there is one over-riding aspect that has been totally disregarded. The Truth of the Mater!!! How much with this project actually cost? What was the actual need of this project to begin with? How much money does Cleveland County presently have in its bank accounts?? How much DEBT does Cleveland County already have on its books??? And, the most questionable aspect of all is “does the Cleveland County Commissioners have the qualifications, abilities or even good sense enough to lead this, or any other project, in any way that is in the best interest of the whole of Cleveland County??? Or, are they just the latest band of Good Ole Boys and girl carrying water for the latest version of the CC Executive Roundtable?? That shadowy, behind the scenes, group of insider wheelers and dealers who run Cleveland County for their own benefit, not the people's benefit!!!

The Nit-Wit Cleveland County Commissioners, led by head nit-wits Kevin Gordan and Johnny Hutchins are willing to put Cleveland County Taxpayers on the "hook" for several hundreds of Million\$ of taxpayer \$\$\$ on a New "Justice Center" Project without one thought toward whether or not this Project will dispense even one bit of REAL JUSTICE. Or the TRUTH of the matter.

Also, folks, note that this whole series of articles, as all of Robert A's articles, always revolves around one thing—the TRUTH of the Matter!! Either eye witness accounts or logical conclusions based on keen observations and super critical thinking processes. In this approach, this particular article published by Robert A over twenty years ago, which also directly involves the truth of the matter and the improper administration of JUSTICE right at the exact same spot where the present CC Courthouse as well as the ill-planned New Justice Center Project is to constructed, is a perfect example of what the self-proclaimed "elite" in Cleveland County would prefer to do with the TRUTH of the matter. ELIMINATE IT!!!

A short background:

Over the years Robert A has done "Court Watching" of many court cases involving everything from the murder of a small child, school merger, other murders, lawsuits, and other "stuff" down at the present Cleveland County Courthouse. Of all the complaints Robert A has received from citizens about anything, INJ USTICES at the CC Courthouse has been the number one item by any and all accounts. And, just like President Donald J. Trump, Robert A was himself unsuccessfully sued many years ago in a failed attempt to take away Robert A's First Amendment rights to the Freedoms of Speech and the Press regarding TRUTH!!!

AS you can see, those attempts to shut-up and shut down Robert A were unsuccessful. And, since the so-called NEW Justice Center Project is the most costly county project in CC history, Robert A believes it is important for citizens to

know just what has gone on in the past down at the present CC Courthouse and what can be expected to continue to happen at the New Justice Center Project.

So, folks, let's lead off with Robert A's own personal case and add others as we go. This included article below was published by Robert A in his print issue of Citizens For Good Government in the 2002 Primary Elections publication.

Folks, our first thought should be Biblical:

"When the righteous are in authority, the people rejoice; but when the wicked beareth rule, the people mourn." Proverbs 29:2

Here is that article, word for word:

Judge Orders Truth out of the Courtroom!!

By Robert A. Williams

(Editor's Note: This article was originally published by Robert A in 2002.)

We hear the same story every year around Easter time. About how Pontius Pilate was the worst Judge in the history of the world. Pilate set Barabas free and sent Jesus of Galilee to the cross. But Pontius Pilate still had to ask, "What is Truth?" (St. John 18:38)

On March 11, 2002, Cleveland County beat Pontius Pilate's record. Not one, but two Judges have declared that truth is not allowed or wanted in the Courts of Cleveland County. Not only declared truth is not wanted in Court, but actually (and officially) ruled and ordered that truth can't be used. It's in writing, on paper and in the (Court House) records. Cleveland County has a new First Place Prize.

First, in unemployment. First in Video Poker Machines. First in Child Abuse. According to Buck Carr we're First in drugs under Sheriff Dan Crawford. Close to and maybe First in illiteracy. Now we are First in the worst judges in the history of the world. Times two.

Here is the story: The controversial Judge Dina Foster, whose decision that the DSS doesn't have to abide by the Constitution, made PLAYBOY magazine and other publications, has been taken to the Supreme Court by some folks that DO believe in the Constitution. The only newspaper in the world that says Judge Dina was correct is (WAS) the Shelby STAR. Skippy Foster, Judge Dina's husband, happens to be the Editor at the STAR. And Skippy Foster openly doesn't say much about the CGG reports of the Star's "misrepresentations". However, Skippy tells the "Rev" Tony Brown that some people want to "squash" Robert A. Williams and the CGG. Skippy and the "Rev" were regular "pen pals" on the STAR's Internet website. (Note that Rev Tony Brown is the head Witch of the NC Piedmont Church of Wicca.)

Well, Judge Dina files a lawsuit against Robert A. Williams and the Citizens For Good Government. She says all kinds of things (that) were written about her were false. What you DO read in the Star is about the black boys that were false. Robert A. Williams answers Judge Dina's Lawsuit and denies every allegation of a false statement. That's how the North Carolina Rules of Civil Procedure say to answer allegations. You "admit" to certain things that are true and you "deny" things that are not true. For instance, Williams "Admitted" to living in Cleveland County, North Carolina, and "denied" making false statements.

Judge Dina, through her attorney, says that ain't good enough. She says that "truth" was not actually stated as a defense, therefore truth cannot be used. Here is a so-called Duly Elected District Court Judge in the State of North Carolina demanding that "truth" cannot be used as a defense against her. It gets better (or worse depending on your perspective). Williams doesn't cooperate. He looks in the law book for himself. Rule 15 says amendments can be made and "shall be freely given when justice so requires." Amendments can be made by consent of the parties or by order of a Judge. Even Pontius

Pilate would have made the right decision here.

But, NO!!! In a preliminary hearing on March 11, 2002, Williams asks for Judge Dina's permission to use "truth" as a defense. No dice from Judge Dina. So, now it's going to be up to a Superior Court Judge. The 3-11 Judge's written order is clear and concise. It says "During the course of the hearing, the Defendant orally moved to be permitted to amend his answer to allege truth as a defense. That motion is, in the Court's discretion, "DENIED."

Now, TWO Judges in a Cleveland County Courtroom have surpassed Pontius Pilate as being the worst Judge in the history of the world. Officially and in writing a judge has ruled that "truth" cannot be used as a defense against allegations of false statements. It was God's will for Pontius Pilate to do what he did. God's will hasn't gone very far in our Judicial system here in Cleveland County. Judges have removed God's Ten Commandments from the Courtroom and removed 'Under God' from our Pledge of Allegiance. Now "truth" is gone too.

Williams says, "I haven't seen such as this since the DSS Board voted against adding a Prayer and the Pledge of Allegiance to their meeting agenda. The next election turned the DSS Board around. It's too bad we can't get rid of bad judges at the ballot box. This takes the cake. We should elect some legislators who will take care of this kind of mess instead of just raise our taxes (tax bills)."

If anybody doesn't believe this account (and MORE), it's in the public records files at the CC Courthouse. See Case File 01-CVS-2626, entered March 11, 2002 at 4:16 PM.

Editor's Note: A few years later, both Judge Dina Foster and her Shelby Star "wheel" (with a small "w") husband, "Skippy" Foster, left Cleveland County for good under uncertain and unknown circumstances. DSS Board Members Commissioner Joyce Cashion as well as NC State Senate Candidate Dean Westmoreland

lost their elections because of their vote against Prayer and the US Flag!

Editor's Note: Folks, there are many other such articles about other CC Court cases that Robert A has written about. AS Robert A has determined that the present CC Courthouse has at least thirty (30) years of life left, if properly repaired where necessary and properly maintained and operated, that this NEW Justice Center (at a TOTAL cost of at least \$300 Million dollars) is presently NOT NEEDED!!! For at least 30 more years.

Stay Tuned Folks, there are many other articles coming about the unne4cessary need for this New Justice Center and how the existing Courthouse and Jail can be adequately be repaired and maintained for suitable service without such wasteful spending and such "shallow" thinking by the CC Commissioners.

Also. The following actions are the only options available to put a sure stop to the senseless acts and antics of the present Cleveland County Board of Commissioners: Kevin Gordon, Johnny Hutchins, Ronnie Whetstine, Doug Bridges and Deb Hardin/=. Nit-wits all!

Editor's Note: Robert A recommends voting in the 2024 General Elections for the Commissioner and the CCS School Board d Candidates as follows:
