

SHELBY has a WHOREHOUSE in it!!!! Governor's Inn Temporarily Shut-Down by Civil Court Injunction!! SPD Calls It a Nuisance!!

'Twas the DAY before Christmas, when all through the house,

Not a creature was stirring, not even a mouse.

The stockings were hung by the chimney with care,

In hopes that St. Nicholas soon would be there!!

And then Robert A's phone began to Ring to no end.

The Caller ID said it was from an old-friend.

The old-friend wished Robert A a Merry Christmas Greeting that was short!

Compared to the time when that Old-Friend's conversations turned to a Tort!

The Governor's Inn Motel in Shelby has been raided by the SPD on December Twenty.

The Owners were served "Nuisance" papers which meant they were in Trouble aplenty.

Claims of Long-term instances of Violence, Drugs, Crime and Prostitution;

Should mean lots of time in Court and Jail, there must not be any substitution.

The papers were served without notice and confusion/

Just like the whole damn thing was just an illusion?

No Pimps were arrested, No drugs were confiscated.

No whores or their “customers” were questioned? Was Robert A Just being baited???

But the old friend had always been trustworthy, accurate and True!

And Robert A has always been careful so that his face has never turned blue.

So, before the conversation was over, Robert A had punched up on HIS computer

And, there it was, all over the news. TV Stations and also everybody’s else’s computer!!

Robert A decided right then and there to be fair by far,

So, he checked to see if this shocking news hade been covered by the **Shelby Star**.

Robert A checked from here to there, but from the Star, this story was missing!

So, from the Shelby Star's customers' asses the Star should be kissing!!!

According to the TV News story that Robert A was watching from the sky,

The Owners of the Governor's Inn have 10 Days on the Court Calendar to reply,

However, December 20 plus 10 is December 30 with no doubt.

December 30, 31, and January 1 are typical holiday times is also without doubt.

So, when this so-called Court Hearing on the SPD's Shutdown of the Governor's Inn

Is actually set on the Court Calendar to begin?

This Is a BIG question that Robert A, at this time cannot answer.

However, Robert A has a thought that he has to confess:

The hearing will be held early in the morning on December 30, 2024. This is because of the low publication of this high public interest story will create an uncertainty of the hearing date and time such that it will cause an almost zero probability of citizens and news agencies being present to see and hear what actually goes on at the Governor's Inn. Also, there will probably be many folks that are today in high

public office in Cleveland County that do not wish to have their associations with the Governor's Inn in days gone by to become public knowledge today.

Perhaps one of those folks may be Cleveland County Commissioner Deb Hardin. Deb has been said (by reliable sources) to have been employed as a "Bartender" at the Governor's Inn a good many years ago. And, has recently (and most likely unfairly) been associated with various "glitches" in the proper registration of certain aspects of the rules and regulations regarding the licensing of animal (dogs) shelters and Kennels. Commissioner Deb Hardin has been thoroughly "criticized" by TV News, Social Media (Facebook), and other personal communication by Cleveland County Citizens regarding Deb's Dog "Rescue" priority being set way above her priorities regarding the human inhabitants of Cleveland County. Especially the school age children in Cleveland County that attend public Schools (CCS). In that respect,

Robert A blames ALL the CC Commissioners for sending \$Millions\$ of Taxdollars to CCS without holding CCS accountable, in any way, for the children's' well-documented lack of proficiency in their educational training at CCS.

Stay tuned folks for more information (**Minus the Poetry**) regarding the situation involving the Governor's Inn shutdown, as well as all other news of high public interest in Cleveland County and elsewhere.

Also, the title of this article, "**Shelby Has a Whore House in it**" was taken from the highly acclaimed Burt Reynolds, Dolly Parton Movie **Texas has a Whore House in it**.

In this Shelby issue, Sources indicate the title of this article is highly appropriate.

PS: More info regarding potential FEMA outrages will be included in future articles.
