RE: Use of Cleveland County School District Logo

Dear Mr. Grigg:

It has come to the attention of the Cleveland County School District ("District") that you are using the District's logo on certain materials for the promotion of your candidacy for the Cleveland County School Board.

These materials include a logo that is the same as or substantially similar to the copyright-protected works of District and/or its contractors. The District has not authorized you to reproduce, publish, display or otherwise make any use of such works for your personal gain. Therefore, your use of the District's materials is a clear infringement of the District's intellectual property rights.

Just as one's tangible property may not be taken from them or used without authorization, the law similarly protects one's intellectual property from such misappropriation. Therefore, the District requests that you discontinue use of the District's logo for any purposes, including those associated with your campaign and/or the promotion thereof. This includes, but is not limited to, use of the District's logo, or any modified variation of the logo, on signs, websites, videos, literature, correspondence, publications, electronic or social media content, and other informational and promotional materials. **Please take immediate action to delete the District's logo from your campaign materials.**

We appreciate your cooperation regarding these matters. If you have any questions, please contact me.

Respectfully,

SINK LAW, PLLC

Leigha Blackwell Sink
Attorney for Cleveland County Board of Education
